

# Thank you to our Corporate Heroes

Since the very beginning Give Kids The World has fulfilled its promise to never turn away a child whose one wish is to visit the world-famous Central Florida attractions. And with the generous support of our dedicated partners, we always will.

We are deeply grateful to every corporate partner for its unique contribution; we simply could not fulfill our mission without them. Our partners are truly Heroes not only in our eyes, but in the eyes of the special children and families we serve.
